- NECESSITY FOR BUYBACK

- holding Equity Shares of the Company, inter-alia, for the following reasons:
- Share buyback is the acquisition by a company of its own Equity Shares. The Buyback will help the Company to return surplus cash to its Shareholders holding Equity Shares broadly in proportion to their shareholding, thereby, enhancing the overall return to the Shareholders; The Buyback, which is being implemented through the Tender Offer route as prescribed under the Buyback
- Regulations, would involve allocation of higher of number of Equity Shares as per their entitlement or 15% of the number of Equity Shares to be bought back, reserved for the small shareholders. The Company believes that this reservation for small shareholders would benefit a large number of public shareholders, who would get classified as "small shareholders";
- The Buyback may help in improving return on equity, by reduction in the equity base, which may consequentially lead to a long term increase in shareholders' value
- The Buyback gives an option to the Shareholders holding Equity Shares of the Company, who can choose to participate and get cash in lieu of Equity Shares to be accepted under the Buyback offer or they may choose not to participate and enjoy a resultant increase in their percentage shareholding, post the Buyback, without any additional investment; and
- The Buyback would result in the optimization of the capital structure of the Company. DETAILS OF PROMOTERS' SHAREHOLDING AND INTENTION OF PROMOTERS AND PROMOTER GROUP
