

Redington join hands with MediBuddy to provide Health Care Services for its employees

Chennai, Date, 2022: Redington Limited (NSE: REDINGTON), a leading IT technology provider, today announced that it has partnered with MediBuddy, India's largest and most trusted digital healthcare platform. This partnership will allow Redington to have access to an annual health check-up for their employees across the country.

The pandemic has created a change in the mindset of people by making them realize how health and wellness are now considered more prominent than ever as the world strives to combat COVID-19. Redington has consistently been at the forefront of advancing digital healthcare and driving various initiatives that promote the value of good health. The collaboration with MediBuddy aims at making high-quality healthcare support accessible to all the employees of Redington across the country.

Commenting on this partnership Sundar Rajan G, Vice President – HR, Redington Limited said, "At Redington, the health, safety and well-being of our employees is our topmost priority. Our collaboration with MediBuddy demonstrates our commitment of providing access to the best of healthcare facilities and assistance, to our employees. Through such initiatives, we are strengthening our culture of people-centricity and empathy."

Commenting on this partnership, Satish Kannan, Co-founder & CEO, MediBuddy, said, "MediBuddy has been constantly striving to provide a billion Indians with access to high-quality healthcare. We are happy to have partnered with Redington India Limited to give its employees access to high-quality healthcare. Our goal is to provide our customers with healthcare support across all specialties at any time & anywhere".

MediBuddy has always been at the forefront of India's digital healthcare transformation. The digital healthcare platform has a partner network of over 90,000 doctors, 7,000 hospitals, 3000 diagnostic centers, 2,500 pharmacies & 2400-members team. It has created an integrated ecosystem that offers patients several healthcare services in 16 Indian languages to enable user-friendly consultation to people in Tier II and Tier III cities that they can seamlessly access anytime and anywhere. MediBuddy offers online doctor consultations, medicine delivery, lab tests at home, mental health consultations, and many more services.
