

# REDINGTON IS A GLOBAL PIONEER IN REDUCING TECHNOLOGY FRICTION

which is defined as the barrier between the high speed of technological innovation and the rate of its adoption. With a relentless focus on technology, innovation and partnerships, Redington facilitates and accelerates the adoption of cutting edge technologies, products and services across emerging markets for the world's leading brands.

Innovation, Technology and Partnerships are not only at the forefront of our business model; THESE ARE IN OUR DNA.

# HELPING PARTNERS FUEL THEIR BUSINESS GROWTH

#### PRODUCT PORTFOLIO

Our comprehensive product portfolio includes desktops, notebooks, PCs and workstations from the world's leading brands. From video conferencing tools to next generation mixed reality devices, we ensure that access to world class technology is truly democratised for all. Our unparalleled focus on creating frictionless customer experiences has enabled massive adoption of lifestyle technology products and accessories across various consumer categories such as gaming & connected devices.

#### **SERVICES PORTFOLIO**

Redington helps partners address their customers' business needs by enabling their digital transformation and ensuring secure migration journeys. With our vast range of services such as consulting, pre-sales support, post-implementation support, portfolio stacking, etc. we empower our partners by providing optionality and flexibility.

#### **DIGITAL PLATFORMS**

Our digital platforms and cloud solutions, combined with flexible payment options and a hyper efficient and reliable distribution network, tremendously improve customer experience and ease of doing business.

### PROCONNECT: END-TO-END FULFILMENT SERVICE PROVIDER

Our Logistics Services provider operates PAN India. As a neutral service provider, we offer the full range of third-party logistics (3PL) services to clients across different verticals, including new-age businesses and mission - critical support. Today, we provide end -to - end supply chain solutions to over 150 leading brands.

Technology friction can take many forms and we offer an entire gamut of services to help our partners with their critical business needs.

### LAST MILE CONNECTIVITY AND DELIVERY

Redington extends a plethora of technology friction-less opportunities for OEMs, helping them augment their business growth with greater predictability, better control, productive partners and instant access to other services. With integrated services such as last mile connectivity, vendor-partner platforms, front-end GTM strategy etc, Redington enables OEMs to navigate the enormous, but highly complex consumer market.

#### FLEXIBILITY OF PAYMENT

Agility is key to surviving in the modern business environment, and Redington enables agility by helping customers leverage everything as a service (XaaS) in an OPEX model. Through strategic partnerships with hyperscalers and system integrators, Redington creates flexible access to leading edge technology infrastructure for all corporations for use as an adaptive asset for sustainable development.

#### **MARKET FULFILMENT MODEL**

Redington's one-of-a-kind market fulfilment model encapsulates the following core offerings:

COMPLIANCE AND REGULATION SERVICES

24\*7 WAREHOUSING & LOGISTICS SERVICES

LEASING AND FINANCIAL SERVICES

# PRODUCT PORTFOLIO

Our industry leading product portfolio enables frictionless digital transformation for our customers:

#### PCs, LAPTOPS, AND TABLETS

Consumer technology and commercial disbursements of PCs, desktops, laptops, iPads and MacBooks and other business devices from the world's leading brands

#### **PRINTERS & SERVICES**

Printers & related consumables and accessories

#### **MOBILITY / SMARTPHONES**

With over two decades of leadership in the mobility business, Redington has pioneered GTM for the world's leading brands across smartphones and wearables

#### LIFESTYLE & ACCESSORIES

Consumer lifestyle products such as smart speakers & gaming consoles

#### **LICENCES & SUBSCRIPTIONS**

Corporate licensing & subscription services for industry leading tools from Autodesk, Microsoft, Salesforce etc.

Comprehensive portfolio of networking solutions, from switching, routing, and wireless to Software-Defined Networking (SDN) for active, passive and wireless collaboration

#### **SERVER, STORAGE & POWER**

Building the optimal data strategy and enabling cloud maintenance capabilities for customers, partners, vendors, and system integrators

#### **ENTERPRISE SOFTWARE**

Enabling adoption of world class computing infrastructure, databases, operating systems, and software used for analytics and enterprise data management and by specific business verticals, via subscription based business models

#### SECURITY

Enterprise security management models and industry leading cybersecurity infrastructure development solutions and services for data, network, gateway, infrastructure, email and application security as well as endpoint and cloud security

#### SOLAR

Redington's B2B and B2B2C models ensure that consumers get only the best and most innovative solar products, services, and infrastructure. We are proud to be accelerating the transition to green energy by enabling solar power adoption on rooftops of homes & businesses.

Through strategic partnerships with the world's leading hyperscalers, we make the magic of the public cloud accessible to organisations of all sizes. Redington Value's multi-cloud marketplace empowers customers to leverage the best practices in the industry and gain access to the global standard of consulting and technical services.

# SERVICES PORTFOLIO

#### FINANCIAL SOLUTIONS OFFERINGS

Redington offers a whole suite of financial solutions to match the varied financial requirements of our partners.

#### **CHANNEL FINANCING**

- · Invoice based or overdraft financing
- Financing through multiple banks & NBFCs at competitive interest rates
- Unsecured, collateral-free short-term loans (up to 90 days)
- Available to partners with I year of association with Redington

# \$ 5

#### **PROJECT FINANCING**

- Suitable for long term financing for large value projects
- Financing through banks & NBFCs at competitive interest

- EMI based loans at competitive interest rates for residential roof tops only
- Higher funding tenure as per customer's requirements

#### **LEASING**

- Suitable for long term solution to financing (1 3 years)
- Financing & OpEx leasing through NBFCs at competitive interest rates

- Credit card-based financing at no additional cost to all channel partners
- Option of availing more than I credit card with different billing dates
- Can be used on our digital platforms and link-based payment gateways
- Customizable billing cycles of 30+15 / 21+7 / 30+7 days

#### **BUY NOW, PAY LATER**

- Ultra-short financing (up to 45 days) with loan up to 25
   lakhs at no additional cost
- Instant financing solutions offered through our digital platforms & via offline modes

# PRE-SALES SUPPORT OFFERINGS

Redington's certified technical consultants work closely with our partners & customers to understand their pain-points and business objectives.

Joint lead generation activity

Solution design & BOQ preparation

Product demo/POC assistance

**RFP** preparation support

**POC** appliance arrangement

Sales & pre-sales enablement

Joint customer meeting & solution positioning

# POST-SALES SUPPORT OFFERINGS

Redington enables partners to strengthen their customer relationships while also forging a long-term business strategy. We combine trusted vendor recommendations with the best practices in the industry to implement our solutions.

**Technical consulting services** 

Deployment services: Implementation, migration

Support services: SLA based, Remote or Onsite, 8\*5 / 24\*7 Periodic vulnerability assessments (quarterly, half-yearly, annually)

Managed services: Endpoint, SOC, SIEM - monitoring &management

Professional customer training

White labelled cloud managed service

# PROJECT BUSINESS OFFERINGS

For large private sector and government projects, Redington provides a dedicated team to help partners qualify for bidding opportunities and supports them in executing these projects end-to-end. Our project management support services include:

#### **Commercial Services**

Dedicated project management team to manage end to end execution

Pre-qualification criteria, other commercial elements of the bid

Logistics, 3PL services & Reverse Logistics (RL) support

Industry, vertical, SI and customer focused account managers

Competitive project financing solutions

Third-party products and services

#### **Technical Services**

Extensive pre-sales technical support

Deployment & professional services

Consulting & managed Services (cloud, cybersecurity)

Public / hybrid cloud technology services

# ENTERPRISE TECHNOLOGY OFFERINGS

With Redington's in-house team of expert engineers, we ensure that our customers get the best available solutions and services under the same roof.

#### **ENTERPRISE AS-A-SERVICE**

Infrastructure As-A-Service Storage As-A-Service Network As-A-Service Device As-A-Service Security As-A-Service

#### **CLOUD SERVICES OFFERINGS**

Redington is a market leader in enabling flexible and dynamic cloud platforms. Through strategic partnerships with the world's leading hyperscalers, we make the magic of the public cloud accessible to organisations of all sizes.

#### **Cloud Consulting**

- Cloud Advisory & Strategy
- Cost Optimization
- Cloud Economics (TCO/ROI)
- · Security Assessment
- IT Infrastructure Assessment and Strategy

#### **Cloud Migration Services**

- Physical Server to Cloud Migration
- Application Migration
- Backup & Disaster Recovery
- · Inter-Cloud Migration
- Subscription Services

#### Security

- · Cloud Security
- SIEM, SOAR, VAPT
- Privilege Access Management
- Cloud Based Log Analysis

#### Modernization

- Containers & Micro-services
- Artificial Intelligence

   (AI) & Machine
   Learning (ML)
- Internet of Things (IoT) on Cloud
- · laaS to PaaS transition
- Hybrid Cloud Management
- · Database Migration

#### Cloud Managed Services

- 24x7 Multi Cloud Managed Support
- Subscription Management
- Application Performance Monitoring
- · Cloud Health Monitoring
- Configuration Management
- Database Monitoring
- Remote Work From Home (WFH) Solutions

#### **Vertical Solutions**

- Manufacturing: IoT Devices + Analytics, SAP
- BFSI: Modern Workplace (Collaboration, Remote Working)
- Healthcare: Data Analytics & Security Governance
- Government: SmartCity (Smart Metres, Data Center Migrations)
- Education: Digital Classrooms, Virtual Labs

#### DIGITAL PRINTING OFFERINGS

Redington has been a reliable partner in the growth of the print industry for over two decades. Our world class infrastructure enables our customers to accelerate their transformation from conventional printing to digital printing, expand their customer base and fuel their rapid growth.

#### **2D PRINTING**

Redington is an authorised partner for HP Indigo Digital Printing press, which is growing as the next big alternative to conventional printing. With the widest product range in the market, we cater to Photo & General Commercial Printing Segments. Also, we provide service support for HP Indigo machines installed in Labels & Packaging industry.

#### **3D PRINTING**

We bring our customers' designs to life through quality, innovation, and reliability. Our novel initiatives such as on-demand parts manufacturing for industries such as automotive, R&D, services, education, design etc. enable our customers to produce benchmarks, proof of concepts & short series production, on demand and with quick turnaround time.

#### **SECURITY OFFERINGS**

Redington brings a wide range of enterprise security solutions to our partners, catering to the ever-evolving cybersecurity needs of the customers. Customers can rely on our certified pre-sales experts to assess, design, and offer suitable security solutions for their greenfield or brownfield instances. We offer a plethora of products and solutions from the world's leading technology vendors.

**CONSULTING**Periodic vulnerability assessments

**DEPLOYMENT SERVICES**Implementation, Migration, Resident Engineer

#### MARKETING OFFERINGS

- · Dedicated team for planning & executing marketing campaigns
- · Creating, planning and executing joint events
- · Telemarketing and demand generation
- · Digital marketing campaigns
- · Social ORM services

#### DROP SHIPMENT OFFERINGS

Redington offers drop shipment to partners, managing their inventory and logistics operations and ensuring timely delivery to end customers.

# IMPORT, RE-EXPORT, AND FTWZ OFFERINGS

Distributed over all major global commercial centres, our team is uniquely positioned to handle such opportunities. This is highlighted by the fact that over 300 customers have signed up for dedicated credit limits from our Singapore branch. We also go a step further to offer other flexible financial terms – Usance LC, DTB, FoB/CIF shipments, multi-brand shipment consolidation, customised packaging etc.

#### REDINGTON OFFERS A DEDICATED TEAM FOR PARTNERS WHO ARE:

LOCATED IN SEZ & STPI LOCATIONS WITH SPECIAL DUTY/GST BENEFITS

LOCATED IN SEZ & STPI LOCATIONS AND LOOKING TO PURCHASE IN INR

LOOKING FOR DELIVERY OUTSIDE INDIA (HPE)

### DIGITALPLATFORMS

OUR DIGITAL PLATFORMS AND CLOUD SOLUTIONS, COMBINED WITH FLEXIBLE PAYMENT OPTIONS AND A HYPER EFFICIENT AND RELIABLE DISTRIBUTION NETWORK, TREMENDOUSLY IMPROVE CUSTOMER EXPERIENCE AND EASE OF DOING BUSINESS.

#### **CLOUD QUARKS**

Redington's self-service platform aggregates various cloud and licensing vendors, ISVs etc, enabling our partners to access our full range of product and services from a single place. Through a blend of automation and intelligent recommendations, Cloud Quarks helps partners keep customers engaged throughout their buying journeys.

#### PARTNER & END CUSTOMER ON-BOARDING

Redington cloud registration & on-boarding

Partner-Vendor registrations

Linking
end-customers
to activate order placements

#### MARKETPLACE

Comprehensive cloud & licensing products catalogue

Renewal reminders for partners to plan subscriptions for subsequent year Personalised, intelligent product recommendations based on previous buying patterns

Billing management as per personalised credit terms Quick provisioning of subscriptions through vendor APIs

> Smart cloud monitoring dashboard with reporting on critical parameters

Real-time view of active subscriptions along with expiry date

Alerts on anomalies, breaches, security threats, right-sizing etc.

#### REDINGTON ONLINE

Redington online is a fully-automated, self-service, B2B partner portal for all our hardware and software offerings. Redington Online provides a seamless digital pathway for our channel partners to discover, access and procure an expansive range of products and solutions for their customers. With Redington Online, our partners are empowered with the ability to:

Transact 24\*7

Raise bids for special pricing Manage their order cycle end-to-end

Analyse their purchase history

View available stock in real time

Exercise multiple methods of availing credit

# CULTURE

Our people-first approach is the secret sauce behind our innovative products and world class people strategy. By providing technical training, managerial and leadership development programs and promoting diversity and inclusion, Redington has created a comprehensive value proposition for its employees.

#### **CORE VALUES**

#### WHAT WE BELIEVE

Our core values are the fundamental pillars of the Redington culture that guide our behaviours and actions, both within and outside of Redington. They are the principles that set the direction for our vision, mission & goals. UNCOMPROMISING INTEGRITY

RESPECT AND TRUST

RESULTS THROUGH TEAMWORK

CUSTOMER

STRIVE FOR EXCELLENCE

RESPONSIVE, HAVING A BIAS FOR ACTION COMMIT AND DELIVER WITH TRANSPARENCY & QUALITY

MAKE TIMELY DECISIONS, SHOW URGENCY IN RESOLVING PROBLEMS

STRIVE FOR CONTINUOUS IMPROVEMENT

PRIORITISE ONE

#### CORE BEHAVIOURS

#### **HOW WE ACT**

Our core behaviours are actions every employee can take to create Redington's culture.

### LEADERSHIP ATTRIBUTES

#### WHO WE ARE

This is all about who we are as leaders. We bring together diverse experience and capabilities that set us on the path of success, now and in the future. VISIONARY AND BELIEVER OF OUR SHARED VISION

INCLUSIVE, PEOPLE DEVELOPER

HIGHEST LEVELS OF OWNERSHIP, ACCOUNTABILITY & DRIVE FOR RESULTS

CAPABLE, INNOVATIVE, DISRUPTIVE EXTERNAL FOCUS, PASSION FOR CUSTOMERS
