ANNEXURE VI- GUIDELINES FOR INTERACTION WITH INVESTORS / ANALYSTS/ MEDIA

1. Background

- 1.1. At the outset, it would be relevant to have regard to the following key considerations from an insider trading framework perspective:
- (i). insider trading framework related compliances are at the forefront of the regulator's focus¹, and the Securities and Exchange Board of India ("SEBI") closely reviews compliances with the restrictions and obligations cast under the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 ("**PIT Regulations**"), including the checks and balances put in place to avoid leakage of unpublished price sensitive information ("**UPSI**") as well as the robustness of internal compliances, including maintenance of structured digital database ("**SDD**"); and
 - (ii). when interacting with listed entities/ their personnel, many intermediaries, such as mutual funds, maintain their own notes of the interactions, and any inadvertent sharing of UPSI as part of such interaction may come to light pursuant to a SEBI inspection of such an intermediary.
2. In view of the above, it would be advisable for the Company to adopt the following best practices/ key principles while participating in analyst/ investor meets/ calls/ media interactions:
- (i). Timing of the call/ interaction:
 - (a) The Company should ensure that any call with investors or analysts/ interaction with media is planned for after issuance of a press release containing basic information in relation to the underlying UPSI. Accordingly, such public disclosure should form the basis for the proposed analyst/ investor call/ media interaction.
 - (b) In any event, prior to announcements of the results, the Company should avoid scheduling any analyst/ investor meetings/ media interaction when the relevant persons within the Company have visibility over numbers/ sense of what the financial results would look like. While a timeline for this has not been set out, it is pertinent to

¹ One such specific event that triggered this was the WhatsApp leak case, in terms of which, earnings data and other financial information of several listed entities were leaked over WhatsApp messages. In this regard, SEBI initiated an investigation in 2017, and issued directions to listed entities whose information was leaked to submit a report on the systems and controls put in place by such entities to avoid leakage of UPSI, as well as to undertake an inquiry into the leakage of UPSI relating to financial information of such entities.

note that under the PIT Regulations, trading window restrictions are required to be implemented from the end of every quarter/ financial year till 48 hours after the declaration of the financial results.

(ii). Introductory disclaimer: The Company should include a forward-looking statement safe harbour and a suitable legal disclaimer at the beginning of every investor/ analyst call/ interaction, thereby stating that:

- (a) the information proposed to be discussed is accurate as of the current date and time, and that the Company is not liable to provide any update to such information, other than as may be required under applicable laws; and
- (b) the Chief Investor Relations Officer ("**CIRO**") / any other designated employee of the Company ("**Authorised Employee**"), to his/ her knowledge is not, and does not intend to disclose any UPSI during such analyst/ investor meet/ media interaction.

(iii). Adoption of 'blackout' / 'silent' period:

- (a) The Company should adopt a 'blackout' / 'silent' period (*i.e., the period when the Authorized Employees have substantial insight into the Company's financial performance (quarterly, half yearly or annual)/ important developments are underway at the Company, but earnings/ such developments have not been made generally available*) during which, any meetings, calls or discussions with any buy – side participants, such as, analyst or investor, or with media, is to be avoided. For instance, in so far as financial results are concerned, it can be imposed from two weeks prior to a financial quarter or financial year end, until two days after the disclosure of financial results to the stock exchanges.

(iv). Avoidance of one-on-one calls/ meets: The Company may consider adopting a policy against one-on-one meeting of senior management personnel/ Authorised Employees with analysts or investors to avoid sharing of any UPSI with them.

In the event one-on-one meetings are permitted, the following best practices can be adopted for the same:

- (a) To avoid any inadvertent disclosure of UPSI, and as an additional mitigation layer, the Company may consider having the CIRO accompanying the senior management personnel/ Authorised Employee proposing to interact with an analyst or an investor.

- (b) The Authorised Employees should consult with the General Counsel or other Company counsel following a one-on-one or non-transmitted/recorded interaction to confirm that no UPSI has inadvertently been disclosed. Towards this and in the interest of transparency, the Company may also consider disclosing in its Corporate Governance Report that no UPSI was disclosed in such meetings.
- (c) The Company should capture details including the date, location, the name of the fund/ investor/ analyst with whom one-on-one meetings were conducted. The CIRO/ investor relations team should maintain logs of calls/ meetings with analysts/ investors (when such calls are not recorded).
- (v). Designated spokesperson: It is also advisable that the Company to adopts the following best practices with respect to such Authorised Employees to ensure avoiding inadvertent disclosure of UPSI:
 - (a) In the event senior management personnel are engaging in interactions with analysts/ investors/ media, it would be advisable for them to be accompanied by the CIRO.
 - (b) The Company should maintain procedures to ensure that CIRO is kept informed of material developments affecting the Company, such that the CIRO is able to tackle all queries carefully, and in a fair and appropriate manner.
 - (c) In so far as day to day communications are concerned, inquiries from analysts, investors, security holders must be forwarded to the CIRO. Under no circumstances should any attempt be made by any Company personnel to handle these inquiries without prior authorization from the CIRO.
 - (d) In the event the Company is active on social media and senior management personnel participate in online discussion forum on matters involving the Company, the Company should put in place appropriate guidelines regarding participation thereof, to avoid any inadvertent leak of UPSI.
- (vi). Preparing script: The Authorised Employees should prepare a detailed script in advance of the analyst/ investor call/ meet to avoid inadvertently sharing any UPSI.
- (vii). No comment policy:

- (a) The Company should adopt a 'No comment Policy' on questions relating to unusual market activity or market rumours, ongoing discussions regarding the Company's potential transactions, matters that are sub-judice or in respect of any competitors; any fishing enquiries; and in case a question inadvertently discloses UPSI.
 - (b) Any statements regarding earnings/ projection expectations should be limited to press releases or publicly available information. Discussions beyond the information that is publicly available must be avoided during analysts/ investor meets or calls/ media interaction.
 - (c) Additionally, the Company should also avoid reaffirming on its past projections and correcting or commenting on public forecasts or reports prepared by analysts and investors.
- (viii). List of questions for media interaction: With respect to media interactions, the CIRO/investor relations team should ask for a question bank before the interaction and refrain from answering or commenting on any questions outside the scope of such question bank.
- (ix). Regular Disclosures:
- (a) In the interests of transparency and as a matter of good order, the Company shall issue regular press releases from time to time, to disclose any material or non-material information that may be important or of use to the public/ investors. In this regard, the Company may determine that such press release represents the sole position of the Company on the matter. Sometimes, this may have to be done in a consistent manner. For instance, we are aware that several listed entities release key data points at the end of every quarter.
 - (b) In case of any subsequent queries regarding the press releases, the CIRO shall be exclusively authorised to address such follow up questions to the press releases.

ANNEXURE IX-
POLICY AND PROCEDURE FOR INQUIRY IN CASE OF LEAK OR SUSPECTED LEAK OF UNPUBLISHED PRICE SENSITIVE INFORMATION

Background

In terms of the amendments to the Securities and Exchange Board of India (Prohibition of Insider Trading Regulations), 2015 ("**PIT Regulations**"), notified on December 31, 2018, every listed company is required to formulate a written policy and procedures for inquiry in case of leak of unpublished price sensitive information ("**UPSI**"). In this regard, Board of Directors of Redington (India) Limited ("**Company**") has laid down this Policy and procedure for inquiry in case of leak or suspected leak of UPSI ("**Policy**").

The Board acknowledges that the contours of an enquiry into any leak or suspected leak of UPSI would have to be determined in accordance with the facts and circumstances of each such case and that accordingly, it is not viable to prescribe a standard operating procedure that would strictly apply in every instance of an enquiry. In fact, it is important to keep the enquiry process dynamic to ensure that it appropriately examines all relevant aspects that may arise in different cases.

In view of the above, this Policy sets out the broad principles that the Company will follow for the purposes of examining any case of leak or suspected leak of UPSI. It is clarified that while an enquiry in case of a leak, or suspected leak of UPSI may be undertaken through various modes, it will adhere to the key standards set out below.

Accordingly, the Board of Directors of the Company ("**Board**") has prescribed the following:

Policy

1. Upon being apprised of an actual or suspected leak of UPSI, such as, by way of:
 - (i) communication received from regulatory authorities; or
 - (ii) a written complaint and/or communication received from a whistle-blower; or
 - (iii) Company's own systems / internal monitoring, etc.,

the Board will, in consultation with [Chief Investor Relations Officer ("**CIRO**")] [assess if the matter merits any inquiry or investigation.

For the avoidance of doubt, it is clarified that inferences based on media reports, observations by analysts or mere market rumours will not be the sole grounds for the purposes of initiating a preliminary enquiry, and the Board will, in consultation with [the CIRO] , have the discretion to decide if a preliminary enquiry is required to be undertaken, in each such case.

2. In the event the Board, in consultation with [the CIRO], determines that the matter warrants an investigation, it will promptly constitute an enquiry committee comprising

such persons as the Board deems fit ("**Enquiry Committee**"), to undertake a fact-finding exercise into the matter.

3. In the first instance, the Enquiry Committee will look into the matter, and analyse the accuracy of the allegation/ suspicion of leak of UPSI ("**Initial Assessment**") by taking the necessary steps, such as, by:
 - (i) undertaking an assessment of the source and type of the complaint/ allegation;
 - (ii) undertaking an analysis of: (a) the nature of the UPSI that was leaked or allegedly leaked, to determine the scope of assessment; (b) the parties who could have had access to it; and (c) the manner in which it could have been leaked; and
 - (iii) conducting interviews with the complainant, in the event his/ her identity is known, as well as with other relevant stakeholders, in connection with the matter.
4. Basis the outcome of the Initial Assessment, the Enquiry Committee will determine if:
 - (i) the allegations / suspicions are baseless or frivolous, and require no further action, or
 - (ii) the matter requires further internal enquiry and investigation.
5. The Enquiry Committee will report its findings in terms of the Initial Assessment to the Board, along with a summary of the process followed, its recommendations and reasons thereof. Basis the report and recommendations of the Enquiry Committee, the Board will discuss and decide if the matter requires further investigation.
6. If, post deliberations, the Board requires the Enquiry Committee to take a closer look at the matter/ undertake a detailed enquiry, the Enquiry Committee will conduct such enquiry ("**Enquiry**") and take all requisite steps, including but not limited to, the following:
 - (i) determining the medium through which the leaked UPSI was disclosed and/ or communicated;
 - (ii) conducting a confidential and non-intrusive review of the activities and roles of the individuals/ parties who typically handled, or had knowledge of, the UPSI in question, including by way of reviewing the available documentation in this regard, audit trails as well as conducting interviews, where necessary;
 - (iii) appointing external advisors/ consultants/ professionals etc. to assist in the conduct and/ or advise on the Enquiry, including, undertaking forensic investigation, where necessary; and

- (iv) reviewing and re-assessing the internal controls and processes implemented by the Company for identifying deficiencies/ fault lines if any, in such controls and measures, and recommending improvements to the same.
7. The Enquiry Committee will ensure that the details of the Enquiry (including, the Initial Assessment) are shared with the relevant internal and external stakeholders strictly on a need – to – know basis. In cases where the complaint is received from a whistleblower, the Enquiry Committee will ensure confidentiality of the identity of the whistleblower.
 8. In conducting the Enquiry, the Enquiry Committee will have due regard to the principles of natural justice. Accordingly, the Enquiry Committee will provide an opportunity of being heard and making submissions, etc., to the persons against whom allegations of leak of UPSI have been levelled. The Enquiry Committee will be required to consider the same while arriving at its conclusions.
 9. Upon the conclusion of the Enquiry:
 - (i) the Enquiry Committee will update the Board of its findings, along with a brief summary of the details of the investigation, processes adopted, etc.
 - (ii) if the Enquiry Committee is of the opinion that a leak of UPSI has occurred and it has determined the party responsible for, or involved in, the leak of UPSI, it will make suitable recommendations to the Board regarding appropriate actions that may be taken in that regard.
 - (iii) the Board will, as appropriate, impose disciplinary and/ or penal measure(s) and any other steps it deems necessary, in respect of the persons identified as being responsible for the leak of UPSI. It is clarified that any action taken by the Securities and Exchange Board of India (“SEBI”) for violation of the PIT Regulations and any other applicable law will not preclude the Company from taking any disciplinary action in accordance with the recommendations of the Enquiry Committee.
 - (iv) The Board will promptly inform SEBI of the outcome of the Enquiry and the measures taken by the Board in that regard.
 10. The Enquiry Committee will take reasonable efforts to conclude the Enquiry within a period of 60 days from its commencement. It is clarified that the period for completion of the Enquiry may be extended with the prior permission of the Board, if the circumstances so require.
